Uniforms

We need to standardize across all sports and use a company that has the same uniforms available year over year. Currently using Pro Knitwear and other vendors.

Practice Field Availability

Andrew + Sam to contact Seton AD to secure Seton's field for soccer practices at all levels. The field can be divided and all teams can use it at the same time.

Athletic Fee

Flat rate of \$80 per student approved for 1st - 8th Grade. This will include a long sleeved warm up pull over for each athlete.

Flat rate of \$50 per student approved for Pre-K and Kindergarten. This would include a Little Saints' Jersey to keep.

Spring Soccer

Spring soccer conflicts with other sports and school activities and should be discontinued. We need to look at the overall program for the different age groups. Conversations to be continued into the summer and fall.

We have a need for a master calendar that tracks all sports, art dept, and music dept activities so we can limit conflicts.

We can achieve physical conditioning through track in the spring. Little runners should transition to practicing at the track with the track team.

Conditioning can be held in Feb for all sports.

Photography

Discussed options around purchasing a camera for the school and keeping it in house or using an outside photography company.

M&M Photography approved for all sports. One photography day for the fall, one for winter, and one for the spring sports. All sports will take photos on the designated day for the season. M&M will provide all 8th grade photos for our purpose. Final plans to be discussed with M&M.

Summer Program

- Monday's 5:30 - 7pm at Armstrong Park - 45 minutes of strength / speed / conditioning, 45 minutes of basketball. 1st - 8th Grade.

- Wednesday's - St. Anne's Gym
5:30 - 7, 5-8th Grade - 30 minutes conditioning, 1 hour volleyball 7 - close,
high school boys volleyball open gym
